

# EARTH AWARE DAY CAMP

AT YMCA CAMP CARSON

## FREE FOR SCHOOLS AND STUDENTS!

We are very excited to offer a NEW Earth Aware Day Camp program for local schools.

So much of the Camp experience is about being outdoors and exploring our environment. We have created a one-day environmentally-focused learning opportunity for fourth-grade students. These day camps will offer students the opportunity to participate in a wide range of outdoor activities, learn about our environment, and hopefully explore nature in ways they never have before.

ALL local schools are invited to join us for a full day of Earth and Environmental activities, learning, and outdoor fun. Schools can choose to bring a small class group or multiple classes, and will learn alongside other schools and students.

This program was made possible through grants and YMCA of the USA.
